Our products are used in a wide range of applications and industries throughout Australasia, including construction and construction, automotive, electrical, electronics, industrial machinery, wine, beer, sinks, white goods, chemical, petro-chemicals, mining, nickel mining, oil and gas, plus many more. Located in Perth, Di Candilo Steel City is a private company specializing in steel supply and production. With state-of-the-art cutting and processing facilities and more than 50 people employed at our bayswater headquarters, we are the wholesale and retail steel supplier of choice. Most of the steel products that our production and distribution company supplies are used in the construction, mining, oil and gas, manufacturing and agricultural industries. State government departments are another market on which our steel traders supply goods. Specializing in wholesale steel, aluminum and quality sheet metal, our team also distributes products on the market for trade and selling perth cash. We are able to cut materials on our state-of-the-art cutting machines, as well as provide galvanized steel and products made from BlueScope plates and sheets. In addition, our metal suppliers can manufacture steel beams to suit our customer's requirements. Known for our quality sheet metal products, we can deliver to the metropolitan area, and we also welcome regional surveys. Credit card payment and EFT is available. No job is too small. Metropolitan delivery available. Our opening times are: Monday to Friday 7.30am to 5.00pm Saturday: CLOSED For more information on steel supplies, wholesale prices, or for an updated list of aluminum and tin products, our Perth team are here to help. Simply call, (08) 9279 7244, or fax us to (08) 9279 4734.
